

# Saving the Planet

## Diandrea B

## Mary Hooker

### Ways to Stop Global Warming:

- Using less hair spray.
- Turn off lights that are not needed.
- Using less cars will decrease air pollution.

Hurricane Katrina was made worse by the warm waters in the Gulf Coast, caused by Global Warming!

### Energy

Two forms of renewable energy are wind power, Solar power.

We can reuse it and causes very little pollution, if any .

Recycling is the Processing of used materials into new products.

The Three Rs:

- Reduce
- reuse
- recycle

We can recycle: Paper, cans, and plastic bottles

### What Can Your School Do to Save The Planet?

- They can use reusable spoons in the cafeteria
- Recycle milk cartons
- Turn off lights in rooms that are empty
- Turn of computers that are not being used

**Have a Recycle Parade**
